TECHNICAL SKILLS

Testing Expertise

Manual Testing, Automation Testing, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Integration Testing

Automation & Tools

Selenium WebDriver, TestNG, Maven, Jenkins, Git, Postman, Power BI

Programming

Core Java, SQL, C, PHP, HTML, CSS, JavaScript

Databases & IDEs

MySQL, Eclipse, VS Code, NetBeans

QA Methodologies

SDLC, STLC, Agile Scrum, Waterfall, Test Planning, Bug Lifecycle Management

Additional Skills

Jira, API Testing, Cross-browser Testing, Test Documentation, Defect Tracking

EDUCATION

Bachelor of Computer Science (BCS)

Vidya Pratishthan's Commerce & Science College, Indapur

June 2021 – April 2024
CGPA: 9.32/10

Higher Secondary Certificate (HSC)

Shri Narayandas Ramdas Junior College, Indapur

June 2020 – April 2021
Score: 89.00%

CERTIFICATIONS

✓ Manual & Automation Testing – Modern Institute of Kurduwadi

✓ Core Java – Modern Institute of Kurduwadi

✓ PHP Website Development – Modern Institute of Kurduwadi

✓ C Programming – Modern Institute of Kurduwadi

✓ Excel Fundamentals – Coursera

PROFESSIONAL SUMMARY

Results-driven QA Engineer with hands-on experience in Manual and Automation Testing across full SDLC/STLC. Proven expertise in designing and executing comprehensive test strategies including Functional, Regression, Smoke, and Sanity Testing. Proficient in Selenium WebDriver, TestNG, Maven, Jira, and Postman with strong knowledge of Agile/Scrum methodologies. Successfully completed 3-month QA internship at Blockstars Global, contributing to software quality assurance and defect management. Eager to leverage technical skills and analytical mindset to deliver high-quality, reliable applications.

PROFESSIONAL EXPERIENCE

QA Intern

August 2025 – November 2025

Blockstars Global | Software Developer Department

- Executed and documented 100+ manual and automated test cases to identify, report, and verify software defects using Selenium WebDriver and TestNG
- Collaborated with cross-functional development teams in Agile environment, participating in daily standups, sprint planning, and retrospectives
- Contributed to coding tasks and automation framework development, consistently meeting project deadlines and quality standards
- Utilized Jira for defect tracking and management throughout the complete defect lifecycle

KEY PROJECTS

Knowledge Hub Portal - Automation Testing Framework

Selenium WebDriver • Java • Maven • TestNG • Power BI

- Designed and implemented comprehensive automation testing framework for Knowledge Hub portal (knowledgehub.samprolicense.com) using Selenium WebDriver with Java
- Built robust, maintainable test scripts following Page Object Model (POM) design pattern with Maven and TestNG integration
- Executed automated regression test suites achieving 85%+ test coverage for critical portal functionalities
- Generated detailed HTML test execution reports using TestNG for comprehensive test analysis and stakeholder review
- Developed interactive Power BI dashboards to visualize test metrics, defect trends, and quality KPIs for management reporting

TutorialsNinja E-Commerce - Manual Testing

Manual Testing • Jira • Cross-browser Testing

- Conducted end-to-end manual testing of TutorialsNinja e-commerce platform covering user registration, authentication, product catalog, shopping cart, and checkout workflows
- Designed and executed 50+ comprehensive test cases based on functional requirements and user stories
- Identified and documented 15+ critical and high-priority defects, tracked resolution through Jira defect lifecycle
- Performed cross-browser compatibility testing across Chrome, Firefox, Edge, and Safari to ensure consistent user experience

PROFESSIONAL HIGHLIGHTS

- Hands-on experience with complete QA lifecycle including test planning, execution, defect management, and reporting
- Proficient in creating Test Plans, Test Strategies, Test Cases, and comprehensive Test Summary Reports
- Strong understanding of Agile Scrum ceremonies: daily standups, sprint planning, sprint reviews, and retrospectives
- Skilled in API testing using Postman and database validation with SQL queries
- Experienced in maintaining regression test suites and conducting test case peer reviews
- Excellent analytical, problem-solving, and communication skills with proven ability to work in team environments
